## Kako složiti Djeda Božićnjaka?

**1**

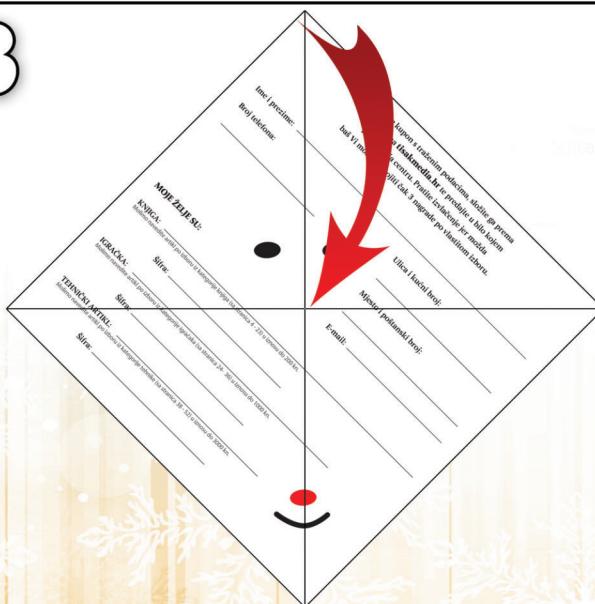

pravilno izrežite crveni kvadrat iz kataloga,  
okrenite ga na poleđinu i zarotirajte ga kao što  
je prikazano na slici.

**2**

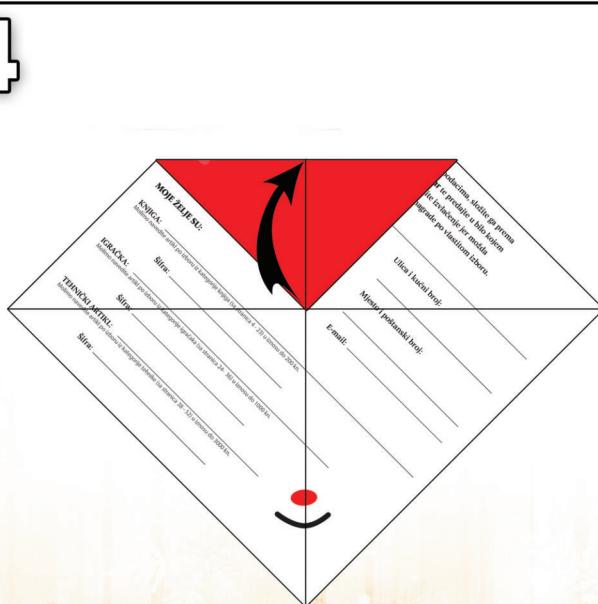

zbog jednostavnijeg presavijanja, predlažemo  
da prvo presavijete papir po dijagonalama

**3**

gornju dijagolu presavijte do sjecišta dijagonala,  
kao što je prikazano na slici

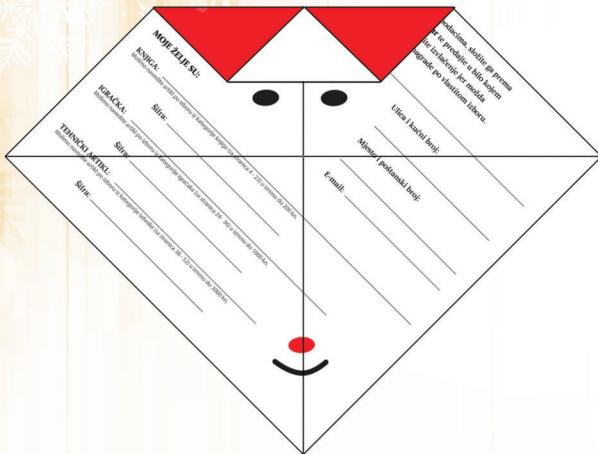

**4**

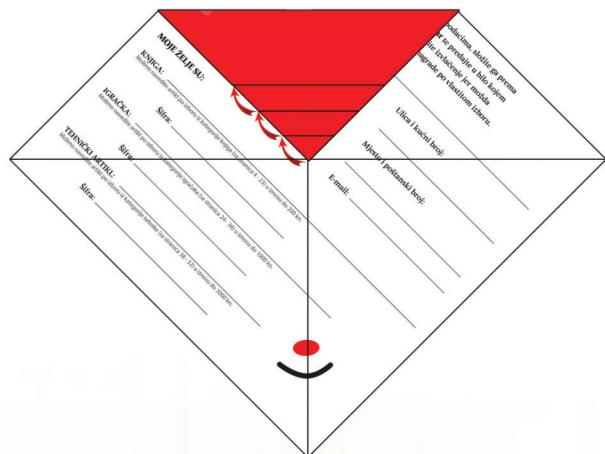

nakon toga crveni vrh presavijte na pola,
